

wenaCel® comfortPlus Orthopaedic Pillow

The wenaCel® comfortPlus Orthopaedic Pillow is ergonomically shaped and its two sides are of different heights. The wenaPur® comfortPlus cold foam core consists of two wedge-shaped parts. These can be combined in different ways and adjusted to different sleeping positions. This special pillow thus promotes orthopaedically correct lying.

For your individual comfort:

The illustrations on the right show a selection of the configurations of the two-part wenaPur® comfortPlus cold foam core.

Characteristics:

- Sanitized® hygiene function
- Outstanding moisture management
