

wenaCel® sensitive Orthopaedic Mattress

The wenaCel® sensitive orthopaedic mattress sets new standards when it comes to healthy and regenerative sleep.

TENCEL™ is a trademark of Lenzing AG

Characteristics of the mattress cover:

- Sanitized® hygiene function
- Natural moisture management
- 5-zone quilting for optimal formfitting comfort of the body
- Washable at 60 °C, **not dryer-proof**

Characteristics of the wenaPur® cold foam core:

- Breathable cold foam core with optimised moisture management due to the integration of TENCEL™ Lyocell powder
- Worldwide unique surface modification technology, cut in brook pebble design.
- Unbeatable ergonomic lying characteristics afforded by lateral grooves and 5 zones
- Extremely long-term durability; volumetric weight: 50 kg/m³
- Available in all regular sizes
- Custom sizes (and dimensions) upon request

TEXTILE LABELLING: Outer material: 40 % TENCEL™ Lyocell, 60 % polyester; Quilted material: 100 % polyester; Ticking on the bottom: 100 % polyester
PRODUCT INFORMATION: Details on hygiene equipment can be found on the product label.
